Villa

This sample talks about how to collect different materials with edges

Shop Gallery

Simple shop with large area. Can takes more than 1000 persons at time.

Housing Building

Each of this buildings has the same plans. But different 3ds.

Same entrance

Same land size

Same air and light direction source

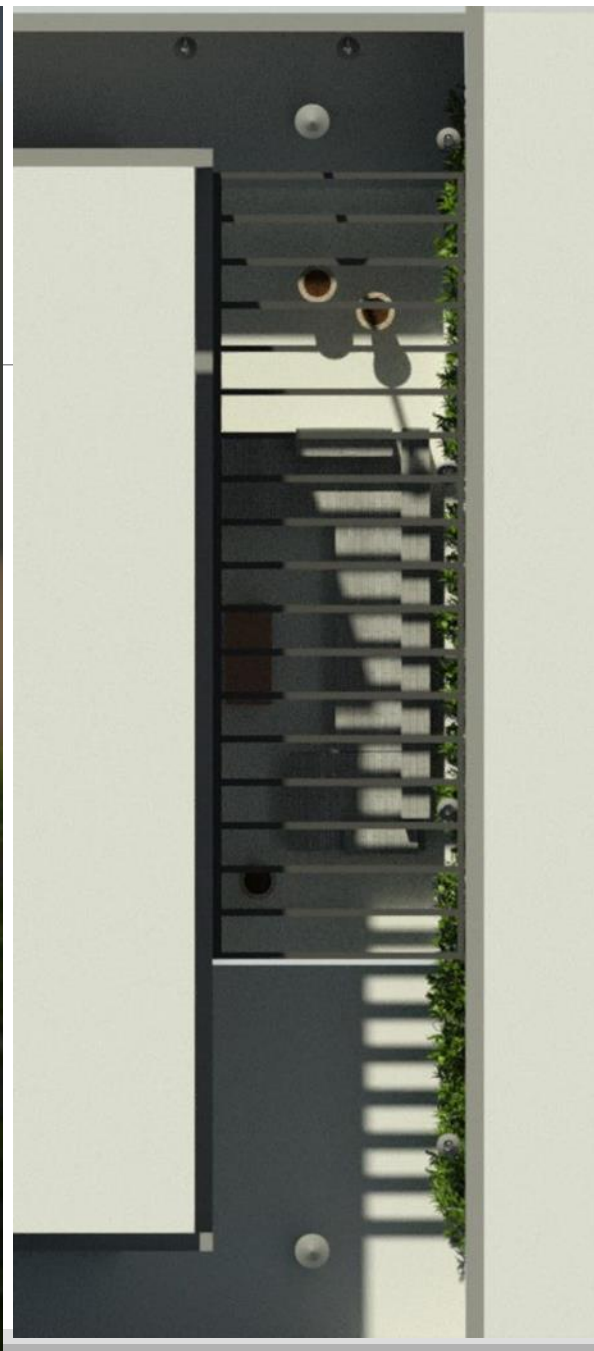

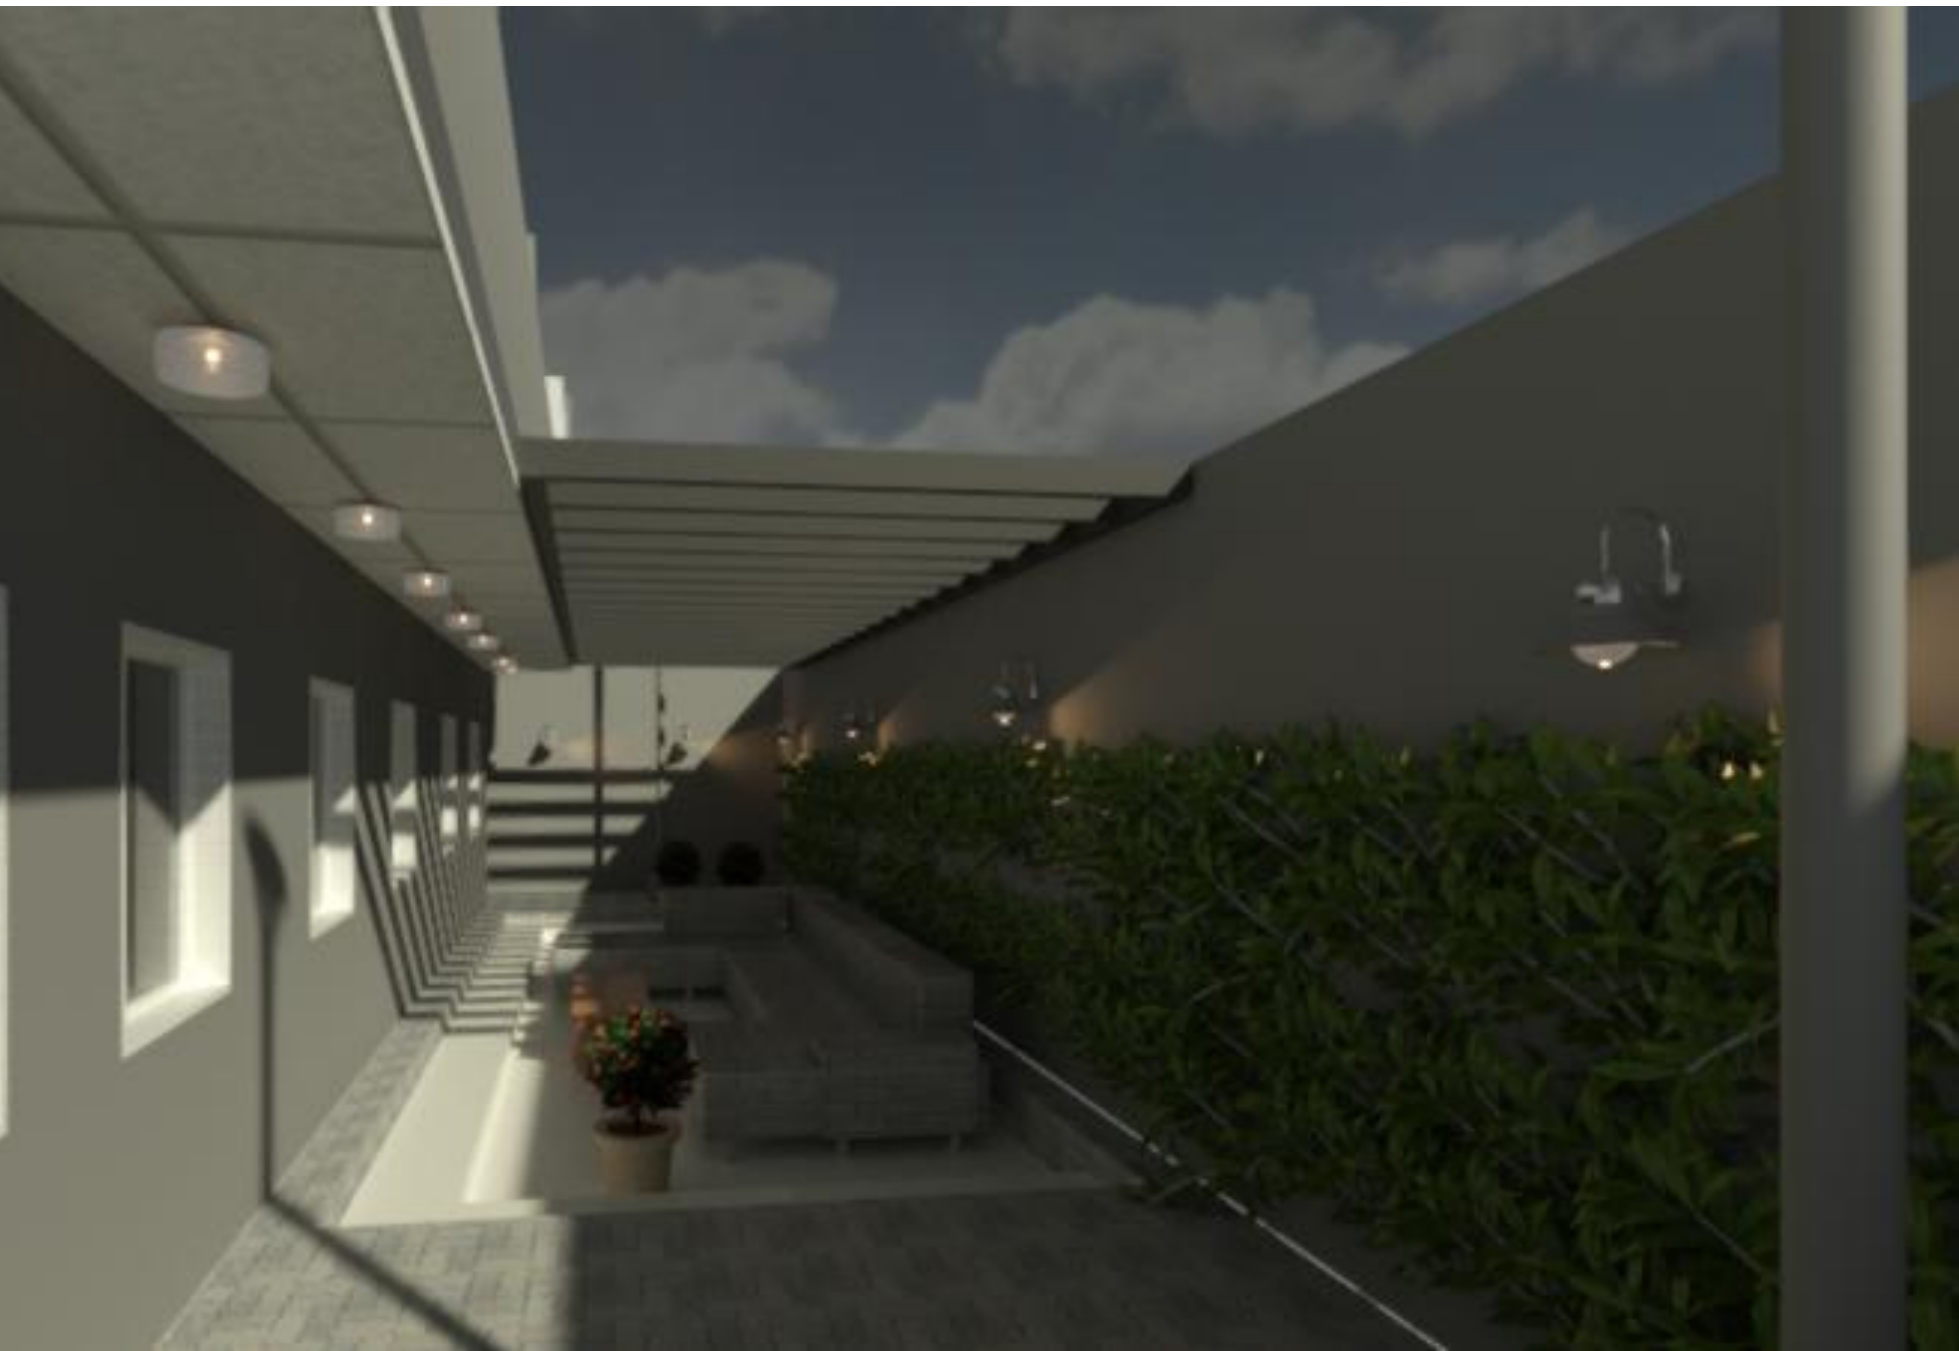

The challenge was in the size of the land which was only 170ms with width= less than 10ms.

Mini Spa

This model can use as a spa building .
I choose light color to give the feeling
of relaxation.

Villa

This sample is too sample I worked on designing the outdoor area .

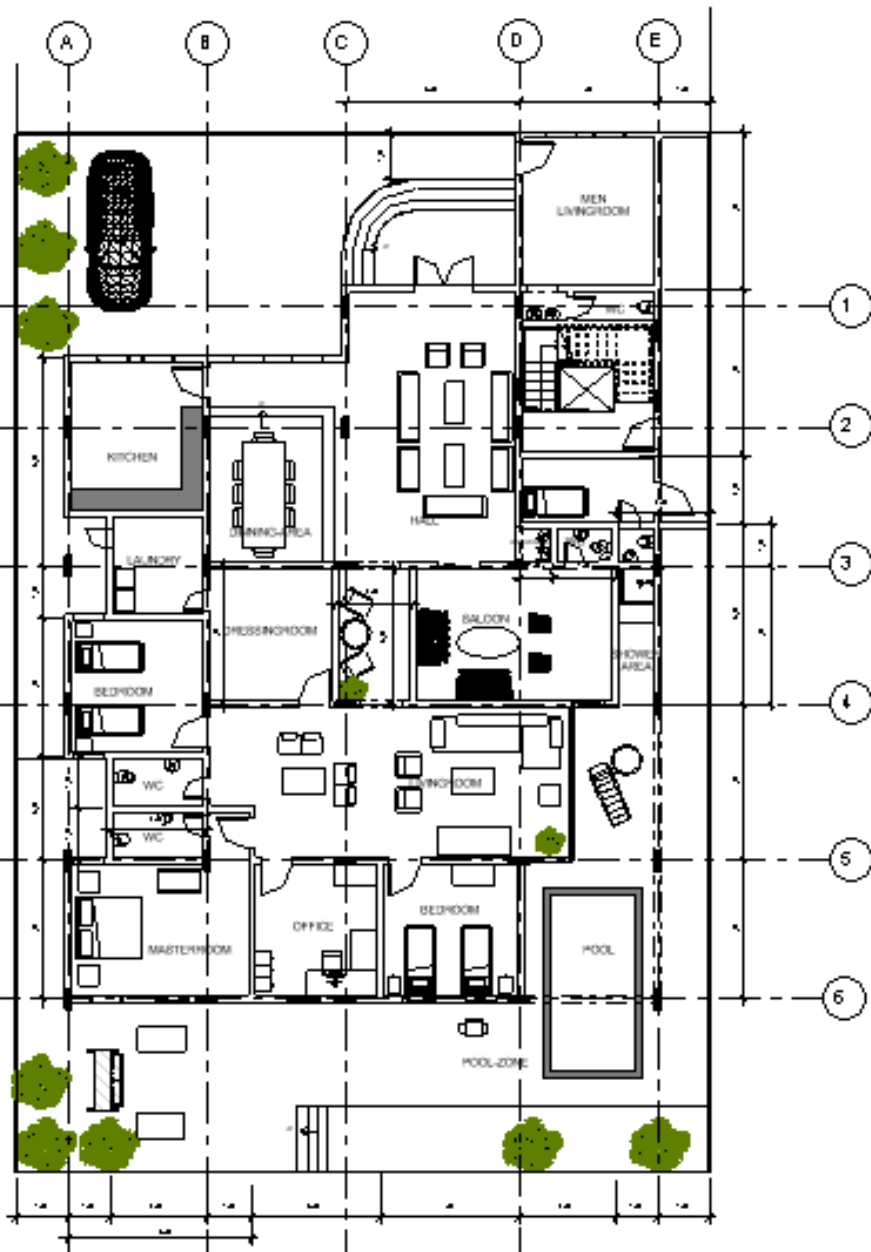

Length = 15 m.

Width = 4 m only.

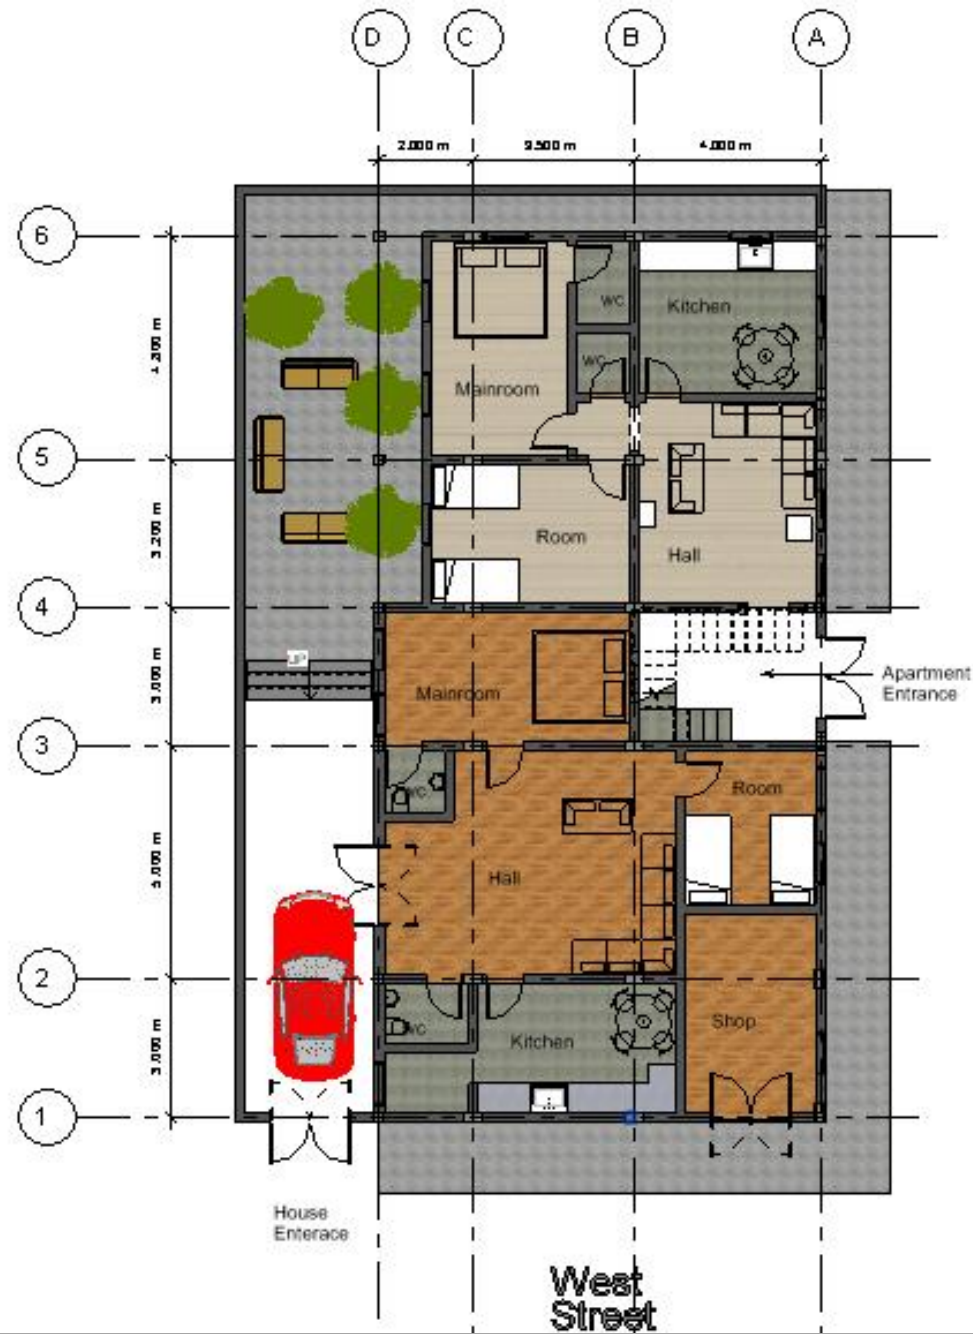

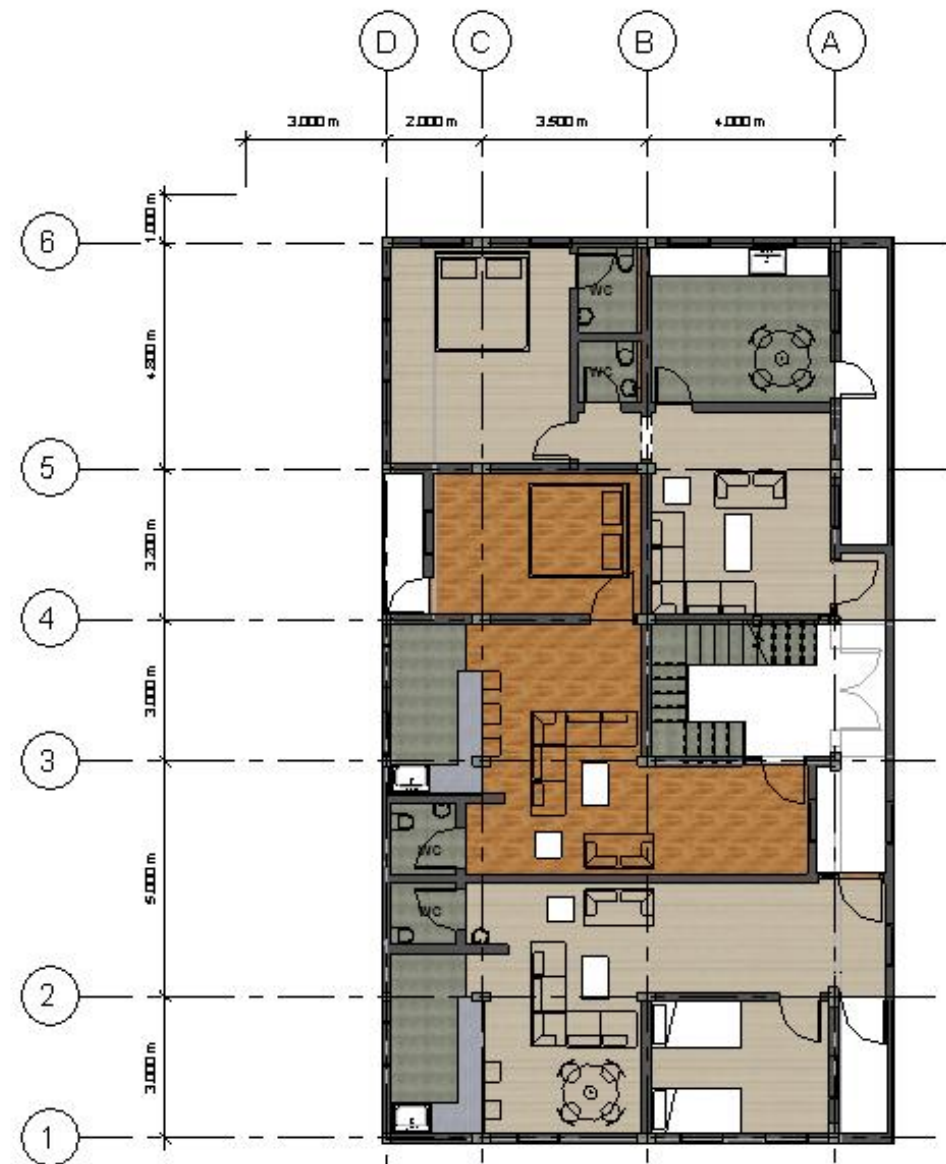

PLAN

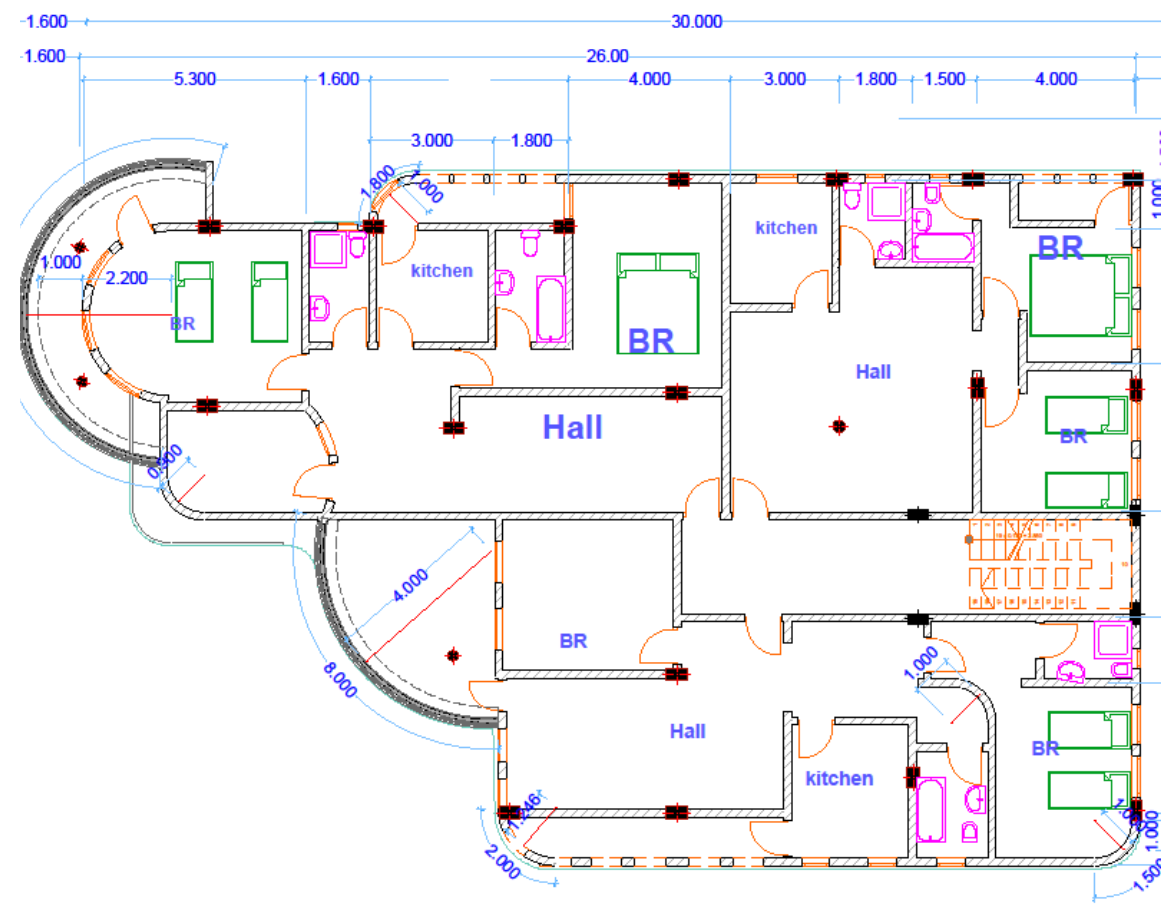

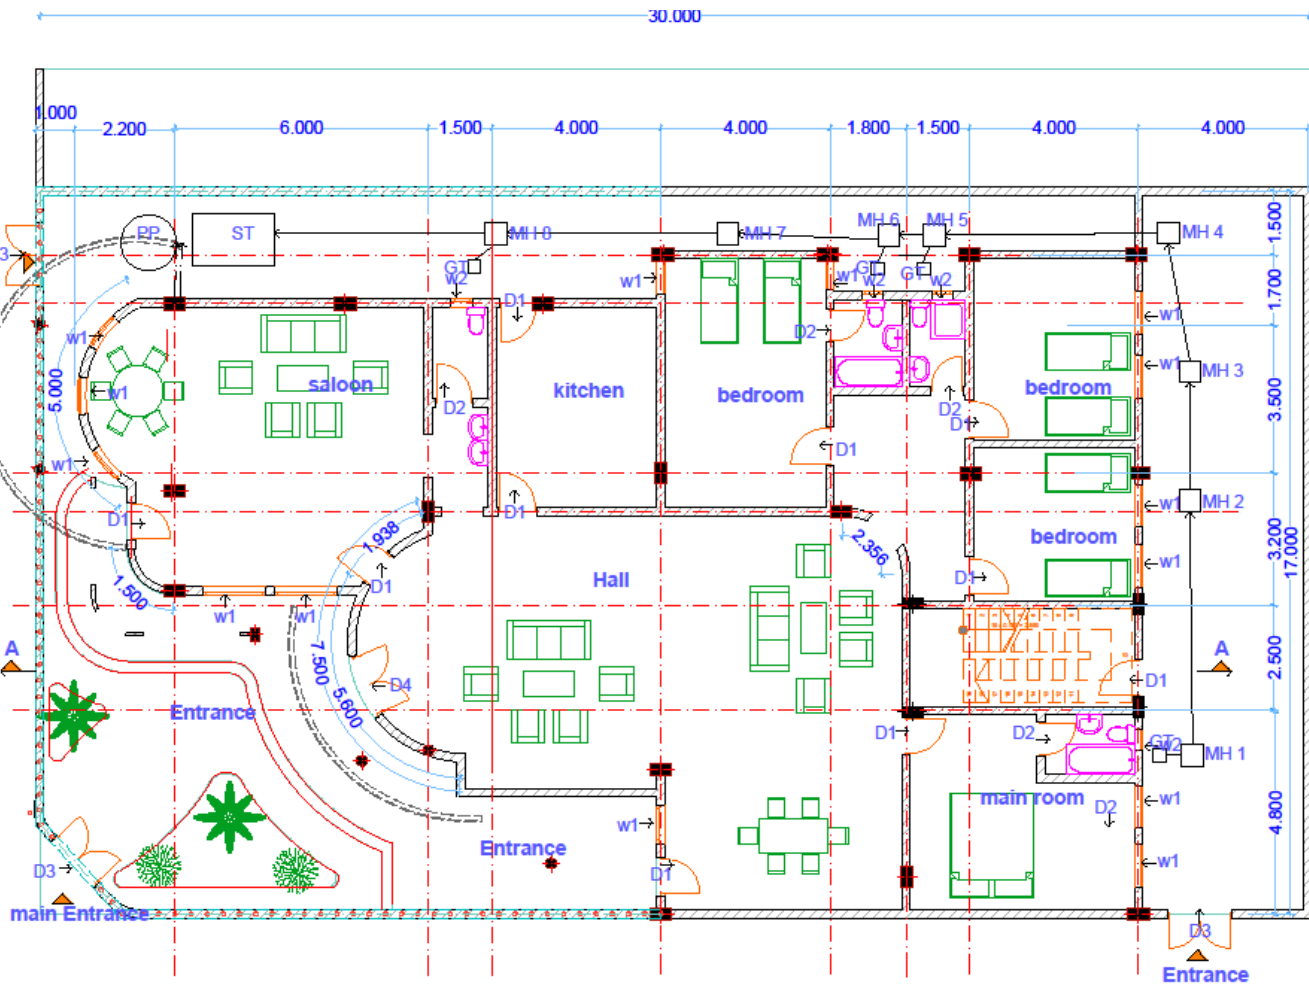

Same plan but in
different
presentation
